

Three Crosses – Bench Dedications

Three Crosses is the central outdoor worship space for Good Earth Village. It is host to summer camp worship, weddings, church services, and quiet contemplation.

After over 15 years, the old benches needed replacing, so this central VIPW (Very Important Place of Worship) is undergoing renovation to continue some VITs (Very Import Traditions).

If you would like to honor a loved one, community, wedding couple, or group, the new benches are available for dedication. Benches are guaranteed to be repaired or replaced as needed for at least 20 years. They are being constructed to last a very long time, preserving precious camp resources along the way.

12' bench dedications (four back rows) = \$1500

8' and 9' bench dedications (middle and sides) = \$1250

6' bench dedications (front and center) = \$1000

Whether you like to worship up front or in the back row, you may choose a bench length that suits your tribute best.

Thank you, as ever, for supporting the outdoor ministry of Good Earth Village! Because of your support, faith formation remains available and thriving in SE Minnesota.

Order form is on the back, or available by calling 507-346-2494.

Sample only. Exact plaque will vary according to text.
